## LOVE

Love is more than a big red Valentine heart.  
It's how we treat others and listen, obey, and share.  
Love shows up in our actions.

Seest thou a man diligent in his business? he shall stand before kings, he shall not stand before mean men.

Saul got permission to go to another city and arrest more Christians, so he took a group of soldiers with him to get the job done.

## Gray Wolf

This mammal is endangered, which means that few of them live freely in the wild today. The gray wolf is like a large, powerful dog. Although it is called a gray wolf, it can vary in color from whitish to brown or gray or a mixture of those colors. The wolf feeds on large, hoofed animals like deer, elk, and buffalo. Although most wolves live in Canada and Alaska, some are now living in Yellowstone National Park in Wyoming.
